

School Supplies Collection at GFWC Georgia Institute

The collection at GFWC Georgia Institute will be school supplies for kids living in domestic violence shelters or foster care. This is something we can do to help them feel like all the other kids at school—have fresh new school supplies! While we will appreciate everything you donate, so that we don't end up with 4 millions pens, please bring items according to your district.

Please bring your school supplies to the Domestic Violence Awareness booth at Marketplace on Saturday. District Presidents will ensure that school supplies will be donated to kids at local shelters.

Thank you!

Marty Bryan, GFWC Georgia Domestic Violence Awareness Chairman
